& COMPANY, P.S.C.**

Certified Public Accountants  
and Consultants

**In Louisville, Kentucky**

Wednesday, June 8, 2011  
8:00 am – 5:00 pm

**In Evansville, Indiana**

Thursday, June 9, 2011  
8:00 am – 5:00 pm

## Creating a Lean Business Management System

### Solutions That Work!

This short, fast-paced class presents the primary methods of Lean Accounting and why those methods are important to companies introducing lean manufacturing.

### Who Should Attend?

- Controllers and Accountants
- Senior Managers
- Operations Managers
- Lean Specialists
- IT and Purchasing Personnel

### Who Will Be Speaking?

Nick Katko, Senior Consultant at BMA, Inc., will present practical management of a lean enterprise. Nick has led companies in the implementation of lean accounting practices such as performance measurements, value stream costing, lean decision making, and the elimination of a traditional standard cost system. He works closely with his clients to resolve the real-world issues they face in implementation.

### TUITION:

**\$600 per person**  
**HSC clients receive a 20% discount**  
**Companies with 5 or more attendees receive a 20% discount**

## Class Topics/ Agenda
